Synopsis

The Ultimate Guide To Racing Pigeon: What Everybody Ought To Know About Racing Pigeons

The Ultimate Guide To Racing Pigeon is all about Racing Pigeons. In this book, useful information is provided to explain aspects of Racing Pigeon breeds, care, health and training that everyone ought to know. This book contains valuable information about Racing Pigeons, as well as strategies and techniques to help you start your own loft. The first chapter in this book will cover the history of pigeon racing, and the important anatomical and physiological characteristics of this remarkable creature. After that, you will be introduced to flock behavior and pigeon courtship. The next chapters will teach you how to prepare and build a good loft for your flock, train your racing pigeons homing ability, and provide the flock with a balanced diet. If you have ever dreamed of owning, breeding or racing pigeons then this book is definitely for you. On the other hand, if you already have considerable knowledge on the topic of racing pigeons, then this book will serve as a refresher course for you, and will perhaps be the source of ideas for new breeding and training techniques.

Customer Reviews

Although this was not a bad booklet, I cannot recommend readers to spend more than \$3 for it. The book doesn't even start to discuss pigeon racing until the 71% mark. The next 4 or 5 pages does have two or three good points, but it is very general even at that. I didn't mind so much spending some \$3.46 for 19 pages. I was disappointed that so little of the 19 pages was devoted to the sport of racing pigeons. If the author can go into greater detail on racing, and include some discussions with other racers, plus include several photographs of races and racing homer owners, this could become a terrific, useful, handbook. Until then, though, I do not recommend buying The Ultimate Guide to Racing Pigeons.

This is an excellent book on racing pigeons. It tells you why these birds are chosen to be raced and how their make-up and instincts make them the perfect candidate to race. It also gives great advice on how to go about raising and training your own racing pigeons.

Informative, but not quite what I was looking for.
