Meals are only in minutes if you have the ingredients all together, and sometimes there are more than half a dozen. I was hoping for a book with very quick 1-2-3 type meals,

I first learned of the book after I checked one out at the public library. I knew that I wanted to own the book but didn't want to pay the high price. I knew I could find a used one on like other books I

ordered before, but this 100 Meals in Minutes came to me in a cheap looking black and white format. The recipes are all the same but I feel like I was cheated.

Excellent ideas for quick and easy foods for baby. It's important to introduce a variety of foods and seasonings.
