Customer Reviews

This book is in perfect condition! Thanks for the accurate description! At times I have purchased used books that the seller reports is in great or good condition and upon receipt this is not accurate so I was pleasantly surprised when I opened the box and this book was inside in mint condition.

My husband's first language is Spanish and this book was really helpful when we were working on a kitchen renovation project. We had a new sink installed so we replaced drains, faucet, disposall, and undersink pipes, and it was great for my husband to have this to refer to. The instructions are very clear (according to my husband) and there are lots of relevant photos. The new disposall came with installation instructions in Spanish, but this book gave better info.

GREAT REFERENCE TO PLUMBING. BASIC AND COMPLEX PROCEDURES THAT HELP WHEN LEARNING THE BASICS TO PLUMBING. THERE IS ALSO A DVD THAT WORKS EXCELLENT WITH THIS BOOK.

Realmente es un libro prÃ¡ctico para quien no es un experto como yo. He aprendido mucho de Ã©l y con el el primer arreglo se pago el valor del libro.

This item was purchased to be a check out item at a library. My Spanish speaking patrons really appreciated it. It was checked out frequently.

My step dad loved it. He reads it none stop. And finds it very useful since he is a contractor.

excellent book. easy to understand and illustrations.
