Modern Tropical Garden Design

Synopsis

In this richly-illustrated tour of modern tropical gardens, Made Wijaya takes novice gardeners and professionals around the world in search of innovative designs. From South America to the tropical states of the U.S.-including Florida, California and Hawaii-to tropical Asia and tropical Australia, *Modern Tropical Garden Design* covers a profusion of different environments. The styles of garden design are as various as the terrain covered, and includes gardens by Wijaya and numerous other talented designers. *Modern Tropical Garden Design* also explores the myriad of different elements that can be found in the modern tropical garden, including courtyards and patios; pavilions, pergolas and verandas; pavings; water features; pools; walls; plants; colors; furniture; lighting; tropical flower arrangements and art. Incorporating a lively discussion of the work of ten exciting garden visionaries, as well as the work of some early modern masters of garden design, *Modern Tropical Garden Design* will prove an inspiration for gardeners everywhere.

Customer Reviews

This book was very enlightening ,in terms of plant design and layout, plus the garden accessories complemented the look, that it made me start to add other combinations to my tropical garden to give that so finished look. Overall this book is enchanting and captivating!!Emily, ST. JOHN'S, ANTIGUA, WEST INDIES.

I have the first book of Made which is awesome so I must admit I was a little disappointed with this

one. There is a lot of information about the historical development of tropical garden design which I am not that interested in. I would like to have seen more photos and design tips.

I love it. Absolutely inspiring for everybody who loves tropical gardens. The best book on garden design I have ever seen. There are a lot of striking photos with many new and really modern ideas.

This splendid book is one symbol of the actual and original gardens into the tropical world. I like his desire to marry his style of landscape painting with the local culture. A Great Book.
