## Customer Reviews

When I was younger I couldn't eat anything with spice or flavor, but now that I'm older I love the spice and flavors of Mexican cooking and this cookbook has a lot of flavor to offer. Thank you and enjoy your meal and enjoy your day.

Bought this, read it, & loved it. It's a recipe book, not a romance novel. Unless you're into that sort of thing with food. Very glad I bought this eBook as I'm in the works of buying my forever house.

Good recipes but needs explains for ingredients such as quesadilla cheese, so the reader will know what to look for.

Many good idea even vegan. A wide variety of ingredients for a variety of picky eaters. Nice selection of ideas
