Customer Reviews

What an inspirational book! I live in L.A. and have a garden. I have been working so hard to beautify my garden. But I missed something. From this book I found what I was missing-that is life with nature. This couple don't just do gardening, but they have their life with nature. I put this book on my living room coffee table, so that when I need some motivation to relax and enjoy, like Richard and Connie, I will look at it.
